

Business Credit Cards Star Ratings and Award Methodology 2020

What are the Canstar *Business Credit Card Star Ratings*?

Canstar's *Business Credit Card Star Ratings* use a sophisticated rating methodology, unique to Canstar, which compares credit card products in New Zealand and presents the results in a simple, user-friendly format.

Our rating methodology is transparent and extensive. The methodology compares all types of business unsecured credit and charge cards in New Zealand and accounts for an array of characteristics such as:

- Fees/Interest Rates
- Number of Free Days
- Standard Features
- Premium Features
- Reward/Loyalty Programmes

The results are reflected in a consumer-friendly five-star concept, with five stars denoting a product offering outstanding value.

What are the profiles used for Canstar *Business Credit Card Star Ratings*?

Canstar appreciates that business credit card users have different spending habits and therefore value different features in their credit cards. In recognition of these differences, the Canstar Credit Card Star Ratings reflects a range of spending styles and business credit card usage patterns.

Products specific to certain groups or with restrictions on eligibility are not included in the ratings. Personal accounts are rated separately as part of the Canstar Business Credit Card Star Ratings.

Eligibility Criteria

To be eligible for a Star Rating in the Low Rate, the product must have been on offer for at least six months. Products that do not have the required six-month information can only achieve a rising star. Rising stars are those products that would have received a Five-Star Rating but have not been in the market for more than six months. Rising star products will be formally rated in the next period once more historical data is available.

What are the profiles used for Canstar *Business Credit Card Star Ratings*?

Canstar appreciates that credit card users have different spending habits and therefore value different features in their credit cards. In recognition of these differences, the Canstar Business Credit Card Star Ratings reflects a range of spending styles and credit card usage patterns.

The Star Ratings methodology differs for each customer segment in terms of the relative importance placed on the fees and features of the products assessed. The table below provides a description on each profile.

Canstar has adopted two different credit card user profiles in an attempt to cover the majority of card spending and payment patterns. The Star Ratings methodology differs for each profile in terms of the relative importance placed on the fees and features of the cards assessed. For example, the methodology recognises that interest rates will be more important to those who rarely pay off their card balance each month than they will be for those who always pay the balance owing on their card.

Profile	Description	Eligibility Requirements
	For businesses seeking a credit card with a low interest rate and flexible repayment conditions	<ul style="list-style-type: none"> • Business, unsecured credit cards • A credit limit of \$10,000 must be available on application • Includes both business-liability and personal-liability business credit cards • Six months' worth of rates required to receive a Star Rating
	For businesses seeking a credit or charge card that gives them the optimal return on their everyday spending	<ul style="list-style-type: none"> • The card must offer a rewards programme that provides direct access to cash-back, gift cards, or a flight rewards programme

How does it work? How are the 'Stars' calculated?

Each credit card reviewed for the Business Canstar Credit Card Star Ratings is awarded points for its comparative Costs and for the array of features attached to the card. These features include rewards programmes, premium card facilities, repayment capabilities and conditions attached to interest charging.

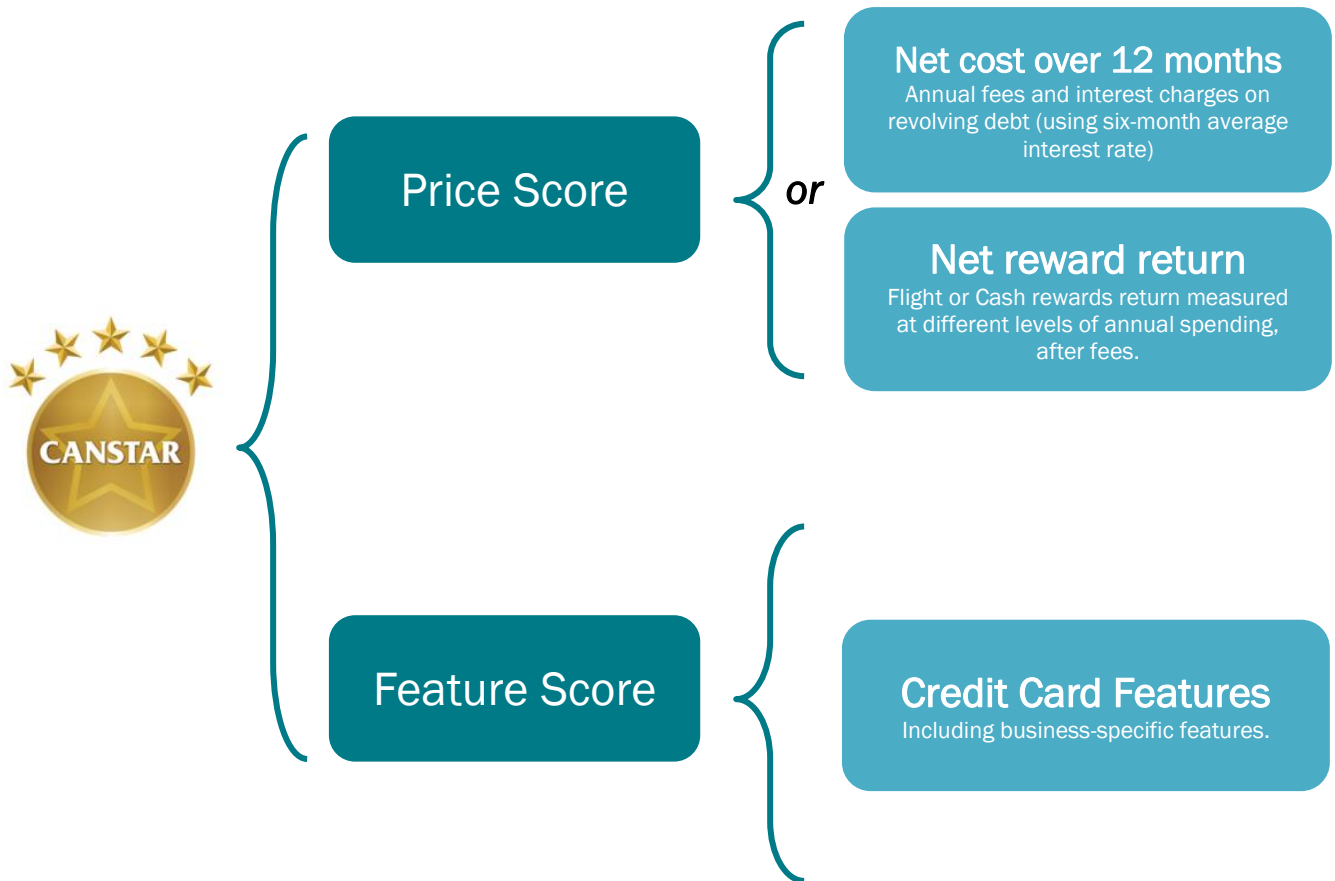

To arrive at the total score, Canstar applies a weight against the Price Score and the Feature Score. This weight will vary for each profile of credit card usage. The weight will reflect the relative importance of either costs or features in determining the best value card for the type of business credit card usage and payment.

$$\text{Total Score} = \text{Price Score} + \text{Feature Score}$$
